## A SPECIAL THANK YOU TO THE INTERNATIONAL BOARD OF CREDENTIALING AND CONTINUING EDUCATION STANDARDS (IBCCES) FOR DEVELOPING THIS SENSORY GUIDE FOR SESAME PLACE.

For almost 20 years, IBCCES has been the industry leader in autism training for licensed healthcare professionals and educators around the globe. IBCCES recognized that many families with children who have special needs have limited travel options, and in response, created training and certification programs specifically for the hospitality and travel industry.

The assessors believe the information contained within this assessment report to be correct at the time of printing. The assessors do not accept responsibility for any consequences arising from the use of the information herein. The report is based on matters which were observed or came to the attention of the assessors during the day of the assessment and should not be relied upon as an exhaustive record of all possible risks or hazards that may exist or potential improvements that can be made.

**SESAME PLACE PHILADELPHIA WAS THE FIRST THEME PARK IN THE WORLD TO BE DESIGNATED AS A CERTIFIED AUTISM CENTER**

## **SESAME PLACE SAN DIEGO WILL OPEN AS A CERTIFIED AUTISM CENTER**

### **OVERVIEW**

At Sesame Place, it is our goal to provide every family with an enjoyable and memorable visit, and we are proud to offer specialized services to guests with autism and other special needs.

Our team members receive training in the following areas:

- Sensory Awareness
- Motor Skills
- Autism Overview
- Program Development
- Social Skills
- Communication
- Environment
- Emotional Awareness

## MEET JULIA

Julia is a bright and curious four-year-old girl who has autism.

She loves to play with her friends on Sesame Street; she's great at "I Spy" and even invented a special game: Boing Boing Tag! Julia's autism means that she does things a little differently than some people. Her good friend, Abby Cadabby, says she does things in "a Julia sort of way." Julia enjoys playing on the computer, going to the playground, and dancing and singing along (loudly!) to almost any type of music. She lives with her mom and dad, her older brother Samuel, and their beloved pet dog, Rose.

Say hello and take photos with Julia at Sesame Place San Diego.

## GUEST SERVICES

For general park information and guest assistance, please visit Guest Services, located inside the park near Sesame Souvenirs. Ambassadors can assist you with:

- Enrollment in the Ride Accessibility Program
- Assistance with Season Passes
- Guides for guests with disabilities
- Lost parents
- Lost and found inquiries

## QUIET ROOMS

Sesame Place has 2 quiet rooms located near our First Aid Station behind Sesame Souvenirs to give your family some quiet time and relief from sensory stimulation. Rooms feature comfortable seating and adjustable lighting.

## FAMILY SERVICES

### LOST PARENTS

Children who are separated from their families during their visit will be able to wait in a supervised, outdoor location next to Guest Services until their parent or supervising adult is able to meet them.

### IDENTIFICATION WRISTBANDS

Identification wristbands for children are available at Guest Services.

### ADULT CHANGING STATIONS

Changing stations for adults are located at the bottom of Bert's Topsy Turvy Tunnels and Ernie's Twisty Turny Tunnels, next to the showers.

### CHILD SWAP

Sesame Place offers a Child Swap program. This program is helpful when one adult wants to ride with more than one child, but the ride does not allow the entire party to ride at the same time. Once at the front of the line, the adult can ride with one child while the other waits with a non-rider. Once the ride is complete, the children switch spots and the adult can ride with the other child without having to wait in line again. Please note that Sesame Place Ambassadors may not supervise children or ride with a child as part of the child swap program. A child swap must be done by a member of the party to allow the children to ride.

## PARKING

Accessible parking spaces are available directly in front of the main entrance for guests with a valid parking permit for disability parking. Vehicles should display an accessible parking permit to the tollbooth employee. Most spaces for guests with disabilities are accessible to vans. Spaces are limited and often sell out, so we recommend you arrive early. A wheelchair or an electric wheelchair can be arranged to be brought to your vehicle based upon availability by notifying a parking attendant upon your arrival.

## QUICK PAY

With QuickPay, you can make purchases all day without carrying your wallet. Use your credit card or cash to set up a spending account and then use your waterproof wristband to charge purchases throughout the park.

- Enroll at the park at Guest Services
- Enroll each member of your party and set spending limits for your youngest party members
- Each member will be issued waterproof wristbands
- Your account automatically settles at the end of each day

QuickPay is a courtesy service and there are no fees associated with its use. Guests may extend wristbands to be valid for multiple days by visiting Guest Services.

The Ride Accessibility Program is designed to allow guests to fully participate in the enjoyment of our park while keeping in mind the safety requirements of our rides and attractions. The program was developed based on the requirements of the ride manufacturer and by evaluating the physical and mental attributes required to safely ride each ride. It is our policy to allow anyone to ride our rides and enjoy our attractions as long as they meet all these requirements and such that it does not present a potential hazard to the guest or to others.

## ENROLLING IN THE RIDE ACCESSIBILITY PROGRAM

5. Only the number of guests listed on the RAP sheet (Guest utilizing RAP and a maximum of 5 additional) are able to board with the guest needing special access. Other party members will be required to use the ride entrance.

Please note: The guest with the disability must ride in order for their party to take part in our Ride Accessibility Program.
